Dear Jaclyn:

I am writing to you in support of the New York State Energy Star Program. Our company has displayed and stocked Energy Star products for a while now. We recognize the need to save energy and help the environment.

The Energy Star Program helps us get the message out to our customers. Without the advertising coop dollars and POP kits, training and more, we would not be able to promote the Energy Star products as we have been. The help is greatly appreciated.

Please feel free to give me a call if you'd like to talk more about the Energy Star Program and how it helps us get the word out to the people.

Sincerely,
