Dear Jaclyn A. Brillling:

NYSERDA needs to secure the SBC 3 funds so they can continue to offer funds to businesses like ours. These funds are needed to help small business promote energy saving appliances and residents of New York to enjoy these benefits of reduced energy costs.

1. NYSERDA should be awarded the SBC 3 funds.
2. Extend the SBC 3 funds after June 30, 2006 for five to seven years to ensure program stability.
3. Separate funds between the Residential and Energy Affordability Program and the Research and Development of NYSERDA. Allow significant funds to be designated to REAP to run programs like the ENERGY STAR Products Program and other New York Energy Smart Programs.
4. The Creation of SMC charge for natural gas users in the New York State to increase NYSERDA's funding for the New York Energy Smart Programs.

Sincerely,

Nancy Mienaltowski
President
