Dear Ms. Brillling:

RE: CASE NO. 05-M-0090

Niagara Community Action Program, Inc., a private non-profit charitable organization that provides programs/services targeting the needy and working poor families in Niagara County, New York, strongly supports the SBC III Residential programs.

Niagara Community has administered the WNI portion of SBC III over the past two years by providing energy saving appliances to many qualified County residents. With the rising costs of utilities, this program has proven to generate cost effective savings for our residents.

Please continue to provide this much needed program to those who are in need.

Sincerely,

Suzanne Shears  
Executive Director
