4 IRVING PLACE
NEW YORK, NY 10003
TEL. NO. (212) 460-3355

August 8, 2006

By Overnight Mail

Detective Evelyn Alegre
District Attorney Queens County
80-02 Kew Gardens Road
Kew Gardens, NY 11415

Re: Queens Power Outage

Dear Det. Alegre:

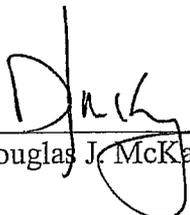

The two enclosed CD-rom disks contain jpg files of the photographs taken by Con Edison. The first CD contains photographs of the cable analysis that was performed on July 26, 2006 at Con Edison's Cable and Splice Center for Excellence at the Van Nest facility in the Bronx. The second CD contains photographs of the transformer analysis that was performed on August 1st through 3rd at Con Edison's transformer shop in Astoria, Queens.

Feel free to contact me if you have any questions.

Very truly yours,

Richard W. Babinecz
