

C. LIST OF INDUSTRIAL MEASURES

- Steam trap maintenance/ management
- Boiler Replacement
- Boiler tune-up
- Improved sensors and controls
- Economizers and feedwater preheaters
- Upgraded heat exchangers
- Improved heat exchanger maintenance
- Improved insulation
- Condensing hot water heaters
- Hot water conservation
- Improved unit space heaters
- Improved insulation
- Improved sensors and process controls
- Improved dryer and furnace designs
- Heat recovery from dryer and furnace exhausts and thermal oxidizers
- Improved insulation
