Albany, New York 12233

RE: Case 03-E-0188 – Proceeding on Motion of the Commission Regarding a
Retail Renewable Portfolio Standard.

Dear Acting Secretary Brillig,

In lieu of submitting separate Comments in the above reference matter, the Energy Association of New York State hereby joins in and fully endorses the Comments submitted herein by the Joint Utilities.

Consistent with those comments and as a matter of fundamental importance, the Energy Association continues to believe that adoption of a market based central procurement model is critical to the success of a renewable portfolio standard in New York State.

Respectfully Submitted,

Patrick J. Curran
