

**Bruce Johnson**  
**Director, Energy Management**  
**KeySpan Energy Delivery**

Bruce Johnson is the Director of Energy Management. He has 30 years experience in the electric and gas industries where he has developed and managed both electric and gas energy efficiency and marketing programs, licensed nuclear and coal power plants and managed environmental programs and regulatory activities.

Bruce serves on the Board of Directors of the Consortium for Energy Efficiency and was the Chairman from 2003-2005. He has been the Chair of the Gas Committee of CEE since 1998.

Bruce was the Founding Chairman of GasNetworks. GasNetworks develops regional energy efficiency initiatives and is comprised of the investor-owned gas distribution companies in Massachusetts and New Hampshire.

Bruce joined KeySpan (Boston Gas) in 1996 and developed the Company's first five-year demand-side management/market transformation plan which has been running continuously for the past 10 years.

Prior to joining KeySpan, Bruce directed sales, marketing, sales and energy efficiency efforts at Northern States Power Company; a Minneapolis based gas and electric utility (now part of Xcel Energy).

Bruce received his bachelor's degree in nuclear engineering from the University of Wisconsin-Madison. He received his MBA from the University of St. Thomas in Minneapolis.
