

Kelly Bennett

Kelly Bennett is Northeast Regional Director and National Policy Director for Sterling Planet, the nation's largest retailer of renewable energy. She serves as the Chair of the NYS Apollo Alliance, a coalition of business, labor, environmental, social justice, and other community leaders working to support good, green collar jobs, and as a member of the Renewable Energy Task Force convened by Lt. Governor Paterson. Prior to joining Sterling Planet, Ms. Bennett was Deputy Executive Director of Government Affairs for the Environmental Business Association of New York State, senior policy analyst for the NYS Assembly Commission on Critical Transportation Choices, and clerk and direct staff to the NYS Assembly Environmental Conservation Committee. An Albany Business Review 40 Under Forty honoree, Ms. Bennett holds a Masters of Regional Planning and a BA in geography, both from SUNY Albany, as well as an MS in Environmental Management and Policy from RPI.
